

# NOFLOODS BARRIERS

## ONE SOLUTION MULTIPLE APPLICATIONS

The innovative technology of the NoFloods Barriers enables multiple applications and the flexibility of the solution provides rapid deployment and fast recovery time.

COMPLETE CONFIDENCE IN *ONE* SOLUTION  
UNMATCHED PROTECTION  
UNPARALLELED TECHNOLOGY

Flood protection

Environment protection

Temporary liquid storage

Oil spill / chemical spill

Construction

Reservoirs

Coffer damming

Riverine flooding

Storm surge

\* the above mentioned applications are not limited hereto, but only a selection of possible applications
